

How to Get Your SDG&E Utility Data

Two files: **1 usage CSV** + **1 utility-bill PDF**

5 SIMPLE STEPS · **ABOUT 3-5 MINUTES**

YOUR LOGIN STAYS PRIVATE Sign in only at My Energy Center. Makello does not receive your SDG&E credentials.

1 Go to My Energy Center and sign in

Visit myenergycenter.com and use your SDG&E username and password on the login form.

myenergycenter.com

2 Open Usage and confirm the electric meter

Before downloading anything, make sure the meter is your electric meter. Gas interval data will not work for this request.

✓ **ELECTRIC** ✗ **GAS**

3 Use all available history, then download CSV

FROM: click back as far as the account allows. TO: leave the most recent date. Select CSV, then choose Download.

Less than 13 months? That's okay — send all interval history available. Your PDF bill can show a longer usage history.

FROM → earliest
TO → most recent
CSV → Download

4 Download your newest utility bill as a PDF

Go to Billing → Bill History. Open the newest statement and select the PDF link.

View Your Detailed Bill PDF

5 Email both files to Makello

Attach one usage CSV and one utility-bill PDF, then send both files together.

info@makello.com

DONE ✓ CSV + PDF = complete submission

Keep a copy of both files for your records.
